

Concerned about the climate and ecological emergency?

Want to act locally to do something about it?

Sustainable South Brent
is looking for

Young Adult Ambassadors

SSB is looking for Young Adult Ambassadors to put their ideas for sustainability into action.

If you're aged between 16 and 21, we'd love to hear your ideas for projects and events aimed towards all young age ranges from South Brent and beyond. Whether your ideas are about awareness-raising – like a nature-hunt for five-year-olds – or more practical solutions – like gathering a group for some serious practical work in an orchard or woodland – we're eager to hear what it is you want to act upon: anything that meets with SSB's aim of **creating a net-zero carbon community where people and nature thrive.**

What's in it for you?

- Loads of experience to add to your CV or Duke of Edinburgh Certificate of Achievement;
- Fun – we hope YAAs become firm friends and enjoy time together;
- A chance to improve health and well-being through closer connection to the natural world and your local community;
- The knowledge you are doing something positive to tackle the climate and ecological emergency.

**Apply online today
